Highlights from the Workshop

3

Workshops
have been organised by
NCERT to date

300+

PM SHRI School leaders
in total have attended
the workshops

20+

States/UTS
participated in the
workshops representing
schools leaders from across
the country

7

Training Partners
facilitated various
workshops over three days

Experiential Learning: Key workshop element

The pedagogy adopted in PM Shri Schools emphasizes experiential, holistic, integrated, inquiry-driven, learner-centered, discussion-based, flexible, and enjoyable learning.

During the school leaders' workshop, a key focus was on experiential learning, where participants were introduced to various equipment options to enhance their teaching methodologies. These tools included AR-VR headsets, Pen Translators for multiple languages, capable of converting text into audio for blind students, a video recording lab for virtual classrooms, and pedagogical tools that use toys. The aim is to encourage headmasters to incorporate these innovative learning technologies into their school curriculum.

Feedback from the participants

Headmasters found the sessions on developing leadership skills highly relevant to their roles and personal growth

The session on the Vidya Samiksha Kendra portal, along with its related data components, proved to be engaging and insightful.

Visiting Kendriya Vidyalayas to showcase innovations and share best practices provided a firsthand and highly beneficial experience

Clarifying technical aspects of the PM SHRI scheme was helpful and much required.

Glimpses from the Workshop (1/4)

Secretary DoSE&L, Shri. Sanjay Kumar, inaugurating the workshop by lighting the ceremonial lamp

A participant actively participating and posing questions during a session

Glimpses from the Workshop (2/4)

Shri Vipin Kumar, Additional Secretary (DoSE&L), is providing the opening context for the three-day workshop and sharing the vision of the PM SHRI Scheme

A session in progress, exploring the utilization of technology for enhancing school and teacher education

Glimpses from the Workshop (3/4)

School leaders exploring the DIKSHA portal to gain an understanding of the various dashboards and content-related components it offers

At an experiential learning center, school leaders experiencing AR/VR headsets and other innovative tools for an immersive new-age learning experience

Glimpses from the Workshop (4/4)

After the workshop, a team-building visit to India Gate adds a fun and memorable touch

School leaders actively participating in a capacity-building session focused on 'Developing Leadership Skills'

Batch -1

(16th Oct - 18th Oct 2023)

Observations from batch - 1

Workshop Background: 108 school leaders participated from Uttar Pradesh, Uttarakhand, Himachal Pradesh, Haryana, Chandigarh, and Jharkhand

- 1** Participants got clarity on the modalities of the PM Shri School
- 2** Session on Vision & Guidelines on New Education Policy and the National Curriculum Framework was very informative
- 3.** Visit to PM SHRI KV school in Delhi turned out to be an experiential learning on school improvements
- 4.** Participants shared that leveraging micro-improvement approach would be beneficial for desired school improvements

Snapshots

Batch - 2

(19th Oct - 21st Oct 2023)

Observations from batch - 2

Workshop Background: 119 school leaders participated from Maharashtra, Gujarat, Goa, Jammu & Kashmir, Ladakh, Dadra & Nagar Haveli and Daman & Diu

Feedback

- Participants found sessions on **NEP 2020 & NCF (FS & SE), Development of Leadership Skills & Quality Parameters for School Improvement** very relevant for their schools
- They were keen to know about technicalities of setting up their schools as Skill Hub
- PM SHRI School Leadership Handbook was appreciated as helpful in solving school problems
- The orientation was thoughtfully designed and highly interactive

Snapshots

Batch -3

(26th Oct - 28th Oct 2023)

Observations from batch - 3

Workshop Background: 95 school leaders participated from Maharashtra, Andhra Pradesh, Karnataka, Puducherry, Andaman & Nicobar Islands, Lakshadweep

Feedback

- Interactive sessions were appreciated by the participants.
- Clarifying technical aspects of PM SHRI school initiatives was helpful for the participants
- Participants got introduced to the modalities of PM SHRI scheme (SQAF, quality benchmarks as part of school transformation frameworketc.)
